

DEPARTMENT OF COMMERCE WITH COMPUTER APPLICATIONS

DEPARTMENT PROFILE

1. Profile of the Department

The B.Com (CA) department stands supreme after having completed 9 years from 2008. This Department was exclusively established for maintaining the effective quality of education in this currently viable course of B.Com with Computer Applications. The department is equipped with excellent infrastructures, which include ICT class rooms, hi-tech computer lab our curriculum and course content are structured with need based and job oriented papers. The department conducts the Board of studies meeting every year to design and modify the curriculum according to the changing environment in industry and commerce. Moreover, our students actively participate in many intercollegiate programmers and present papers. Every year students are taken to educational tours to Industries. Mentoring system is followed to give guidance to the students and to develop them into fully human and fully alive. Our alumni are placed in prestigious positions such as lecturers, social workers and managing directors.

Curriculum is designed to bridge the gap between IT industries and institutes by incorporating the latest developments into the curriculum. Conducting personality development and entrepreneurial training to the students. Presenting papers in the national and international conferences and publishing articles in the national and international journals. Well-equipped lab with the network of latest microprocessor based computers and softwares. Provides hands-on training in various fields of computers and recent trends in industry. Field visits, seminars, and workshops, practical exercises are given to the students.

2. VISION

The Department has been doing service for the cause of higher education catering to the requirements of students mostly hailing from rural areas and nearby hamlets. Transforming lives and Communities through Learning.

3. MISSION

From this academic year (2008- 2009) the department starts its function separately and formed as a new department of Commerce with Computer Applications. It aims to train and

develop the students to be employable in the changing environment of IT and Commerce Sectors.

4. Faculty Profile
